

## Industry Contacts

The Government want to introduce new Apprenticeship standards for all occupations during this parliament. **If you are interested in developing one for your industry or want help in any way then please feel free to email the contact below.**

We have also developed a series of tools for Employers and Employer Led Partnerships to help you understand what is really involved in developing a New Apprenticeship Standard and the Assessment framework which goes with it. To access these go to [www.fisss.org/apprenticeship-standard-resources](http://www.fisss.org/apprenticeship-standard-resources)
